

Sophie A. Brenner
Product and Interactive Designer
sbren156@pratt.edu | <http://sbrenn.com/>

EDUCATION

Pratt Institute, School of art, Brooklyn, NY 2021 – 2025

Bachelor of Fine Arts in Arts and Technology

- Focus: Interactive art at the intersection of art, design, and technology

School of the Art Institute of Chicago (SAIC) 2019

- Credit Summer Program: Game Design and Figure Drawing

Canadian Academy, Kobe, Japan 2020

International Baccalaureate High School Diploma

CERTIFICATION

CuriousCore, Singapore (Expected) 03/2026

User Experience (UX) Career Accelerator

- technical skills in user experience research, user interface design, and design operations

EXPERIENCE

Lead UX/UI Designer, The3dApp, Brooklyn, NY Feb 2026 - Present

- Lead UX/UI strategy and end-to-end design for a 3D scanning platform the3dapp and *Stylo AI*, a consumer-facing spatial visualization app.
- Championed "vibe coding" and GenAI workflows (Claude) to rapid-prototype interactive web features, bridging Figma layouts and functional code.
- Transformed user research insights into intuitive user flows, wireframes, and mockups for complex spatial tasks.
- Used strategic storytelling to communicate design positions with Engineering, successfully challenging product thinking to prioritize the user.

Product Designer, Climate Collective, Mosambi platform, Remote 2025

- Collaborated within a team of 4 designers to conduct foundational UX research
- Designed the end-to-end onboarding and login experience, designing the entire user flow from initial account creation to platform entry for the climate startup

Thesis Project HoloMaid, Exhibition Presenter 2025

- Engineered an interactive AI character by deploying a locally-run Large Language Model (LLM)
- Presented the work at gallery exhibitions, including Afterlives at the Steuben Gallery and the Pratt

BFA Art & Tech Senior Capstones Sophie Brenner & Wantong Lyu

Studio Apprentice, Holography Studios, Manhattan, NY (240 E 26th St) 2024

- Apprenticed at NYC's oldest holography studio under Dr. Laser, learning the craft of analog holography while also managing public tours and web content

SKILLS

- **Software & Creative Tech:** AI Tools (Claude, Vibe Coding), Photoshop, After Effects, Adobe Creative Cloud, Blender, Unity, Touch designer, HTML.
- **Figma:** Variables, Auto Layout, Prototyping, Heuristic Evaluation, Design Systems, WCAG 2.2.
- **Languages:** English (Native), Spanish (Fluent), Russian (Intermediate), Japanese (Basic)

- **Strengths:** Quick learner, team player, thriving in art-tech fusion environments where design meets complex engineering.

EXHIBITIONS & AWARDS

- Selected winner of TOKYO NODE Lab & NEORT DIGITAL SPRINGBOARD Vol.4, Animations Displayed in Toranomon Hills Station Tower 2025
- *Afterlives* at the Steuben Gallery 2025
- BFA Art & Tech Senior Capstones Sophie Brenner & Wantong Lyu 2025
- Pratt.ios 'After Hours' Exhibition, Pratt Institute 2024
- Nothing Island, Flux Factory Governors Island 2023
- Presidential Merit-Based Scholarship, Pratt Institute 2021 – 2025
- National Scholastic Gold Key Art Award 2018

VOLUNTEER

Volunteer, NGO Ant-Hiroshima

Summer 2025

Asian Network of Trust Hiroshima, Japan

- Contributed to the preservation of Hiroshima living history by photographing and cataloging surviving trees from atomic blast
